“ *I had the privilege of meeting Ms. Debbie eight years ago, and from that moment, her kindness, loving spirit, and nurturing nature stood out as one of a kind. Debbie had an incredible way of caring for others that was unmatched. She always put others before herself, and that warmth she exuded was truly special. Every time she called the office, I was filled with happiness just hearing her calming voice. I would do anything for Ms. Debbie. I always called her "My Queen," because she truly was one in every sense of the word. Her presence will be deeply missed, but the love she shared will live on forever in our hearts. Always would tell me she loved me! Love you forever Ms. Debbie!*

“ When Debbie was my neighbor back in the 80’s, she used her cosmetology skills to fix my daughters’ hair for recitals. Lucky us! I also loved our time together in bunco club and crafting. She was a special person and friend and will be missed!!

“ Debbie was my niece but there was only a 4 year difference in our age. I was her maid of honor when she and Bob got married. There was a snafu flying from Oklahoma City to the valley. There was weather and I missed my connection in Houston. Fortunately, Bob had a friend with a plane and he told me if I could get a plane to Brownsville he could pick me up. I accomplished that and was able to make it to the wedding. When you say I was Debbie's Aunt most people think of an older lady but that was not the case, I was married to her Uncle. He and Debbie were very close and they lived each other dearly as did I. I love you sweetie and hope to see you on the other side.
