“ I will forever remember Mr. Gutierrez. He was my first employer where I learned so much not only about law, but about life as well. Some of his teachings are now passed onto my students in my high school classroom. “The squeaky wheel gets the oil,” is something I can still hear him say. Discipline, perseverance, diligence, and honesty are just a few of the skills he modeled for me while under his employment. Skills I’m thankful to have acquired because of his leadership and training. He was such a great boss and fun too. He would always tell me that lady Fortune was always on my side. He even took me to buy lottery tickets one time because he strongly believed I carried “good luck”. That idea alone encouraged a positive perception and outlook in my life. To this day, I always count my blessings, and thank God for how fortunate I am. I wish I would have kept in touch with him throughout the years. I would have loved to have shared at his celebration of life.
