“ Our Tio visited us in the outskirts of Mexico City. We were just children. We remember this special moment because our Tio took an instant picture of us with his Polaroid camera. My sister Edith keeps this picture which serves as a reminder of my Tio's love for his sister, our mother, and us. Another beautiful memory we have of him is a letter that our Tio wrote in behalf of my mother to the United States embassy for immigration purposes. Although I don't remember the exact words, I remember how eloquently written it was... written in beautiful cursive writing. Our Tio had beautiful penmanship despite only attending elementary school to fifth grade. Another memory I have of him is of our last family reunion 3 years ago. At a restaurant where he had invited my family to have dinner with him and my primos, My Tio asked me if I planned to go fishing after I retired. I answered that fishing was boring. There was a complete silence... I don't remember who politely explained to me that fishing was one of my Tio's favorite hobbies. The last thing I want to share with you is how proud our Tio made us feel to be Murillo. It was because of him, his idea, that we started our reunions 25 years ago. If this had not happened, we would not be the Familia that we are now. Our five reunions brought us together under his leadership and love. Arriba Los Murillo! VIVA OUR TIO JESUS MURILLO!!!

My thoughts and prayers are with you Judy, and all your family. I always liked seeing how your parents cared for each other every time I would go to your house. True love indeed! Sandra G.
